

Canadians are deprived of Billions of dollars

Introduction

How many times does Prime Minister Trudeau have to tell us that the '*Budget balances itself*' before we realize that's because it is fictitious, made-up, manufactured numerical storytelling designed to keep you distracted from what they are stealing from the People's CONSOLIDATED REVENUE FUND?

Budgets are designed by corporate government to DECEIVE you. That's why Justin Trudeau told Canadians that budgets balance themselves! See [here](#). Archived [here](#).

All money collected from this landmass, including lumber royalties, licensing, excise and income tax that amounts to trillions of dollars, goes into the CONSOLIDATED REVENUE FUND (CRF), but the People are denied access while the rich live off your share. We will show you how that is done.

First, watch a short video explanation of the CRF by accessing it [here](#) or [here](#).

The Canadian government provides details of how it accounts for monies going in and out of the Consolidated Revenue Fund ... [see here](#). As we have seen by 2025, those 'details' are often missing, manipulated or outright fabricated.

Financial Administration Act, R.S.C. 1985

‘Consolidated Revenue Fund’ means the aggregate of all public moneys that are on deposit at the credit of the Receiver General;

All monies from royalties through lumber, gas, oil, mineral extraction and other income, including taxes, levies are **to be available to all people living on this landmass** to meet ICESCR guarantees:

Article 11

1. The States Parties to the present Covenant recognize the right of everyone to an adequate standard of living for himself and his family, including adequate food, clothing and housing, and to the continuous improvement of living conditions. The States Parties will take appropriate steps to ensure the realization of this right, recognizing to this effect the essential importance of international co-operation based on free consent.

There is a CRF at every corporate government level and a Consolidated Statement of Account at every government level. Even hospitals, universities and any other corporations operating to extract money from the People to serve the Crown (for-profit corporation) is supposed to be accounted for to the penny in these statements.

EVERY CORPORATION, EVEN IF LABELLED NON-PROFIT, CHARITY, or FOUNDATION, IS A PROFITEERING BUSINESS. As you learn [here](#) about corporations, a corporation dissolves unless it profits enough to stay solvent.

The true state of Canada’s financial affairs is accounted for in the Consolidated Statements of Account, not the Budget.

Those Statements show that the *de facto* corporations masquerading as our government at every level, horde billions of dollars that end up moved to the wealthy through various schemes such as foreign aid, incubator and venture projects, migration schemes, useless ‘social’ programs and so on.

Only roughly 6% of the trillions earned by the Canadian landmass from the labor of its people and Canada's natural resources sold by the corporate government to foreign corporations, is released to the People of Canada.

As you learn [here](#), in 1976, Her Majesty is a term that we believed represented the CROWN, which in turn represented the criminal cabal called the Vatican City when Elizabeth II swore allegiance to the Catholic Pope in 1953. The Vatican City is the oldest and largest corporation in the world that is part of the communist New World Order.

However, there is a long history about the British Crown in Chancery, which was the only authority over the 'waste lands' and new possessions of England. The [1946 interview](#) of R Rogers Smith, the foremost historian of the Canadian landmass, with George Barr, King's Council, provides details about what the 'Crown' really refers to and how Nova Scotia was the first possession on the Canadian landmass.

If history is any indication, it is guaranteed that the corporate governments in Canada will never stop stealing most of the trillions of dollars that it was sending to Vatican's bank account every year.

The International Covenants, such as the International Covenant on Economic, Social and Cultural Rights (ICESCR) 1976 that is explained [here](#), contain human rights guarantees. One of those rights legally undertaken in 1976 and **guaranteed** to Canadians by Her Majesty in 1982, was the provision of an 'adequate standard of living' to everyone, whether they can or want to work.

The guarantee in the International Covenant of Economic, Social and Cultural Rights is binding on the government:

Article 11

1. The States Parties to the present Covenant recognize the right of everyone to an adequate standard of living for himself and his family, including adequate food, clothing and housing, and to the continuous improvement of living conditions. The States Parties will take appropriate steps to ensure the realization of this right, recognizing to this effect the essential importance of international co-operation based on free consent.

Naturally, if one wants more than an adequate standard of living, one must work for it. An adequate standard of living can be determined by what the government spends to keep an inmate in federal prison...roughly \$50,000/year. THAT IS NOT THE SAME AS A BASIC INCOME WHERE PEOPLE ARE LEFT DESTITUTE, because the 'basic amount' is determined by politicians.

Queen's Debt obligations:

Financial Administration Act

Payment of guarantee

29 (1) Where a guarantee has been given under the authority of Parliament by or on behalf of Her Majesty for the payment of any debt or obligation, any amount required to be paid by the terms of the guarantee may, subject to the Act authorizing the guarantee, be paid out of the Consolidated Revenue Fund.

The International Covenant on Civil and Political Rights (ICCPR), 1976 goes further and states that the corporate government, deceptively called 'state party' makes sure laws are in place to ensure the People -- who are the beneficiaries of the wealth of this landmass --are not cheated out of their wealth. **HOWEVER, IT DOESN'T SAY THAT THEY CAN'T USE legalese (DECEPTIVE LAWYER LANGUAGE) TO MAKE IT IMPOSSIBLE for the beneficiaries TO UNDERSTAND AND USE THE LAWS.**

ICCPR Article 2

2. Where not already provided for by existing legislative or other measures, each State Party to the present Covenant undertakes to take the necessary steps, in accordance with its constitutional processes and with the provisions of the present Covenant, to adopt such laws or other measures as may be necessary to give effect to the rights recognized in the present Covenant.

INSTEAD, THE GOVERNMENT ENACTS DOMESTIC LAW TO STRIP US OF HUMAN RIGHTS AND DEMAND WE PAY FOR THOSE RIGHTS.

TRILLIONS OF DOLLARS ARE HORDED IN THE CONSOLIDATED REVENUE FUND AND NEVER TALKED ABOUT IN MAINSTREAM MEDIA. Trillions more are funnelled to black holes without accountability...to build mosques, build the WEF/UN governments, support pedophile networks and to pay off political hacks.

The reason that none of these declarations, laws and covenants purportedly agreed to by Her Majesty are relied on today to prevent the abuse of the Canadian government, is because (a) there was no British rule over the 10 provinces since 1931 and the claim there has been is a hoax, and (b) when all those UN-created covenants and declarations were purportedly agreed to, their true purpose was to install the UN Charter as the 'authority' over the landmass.

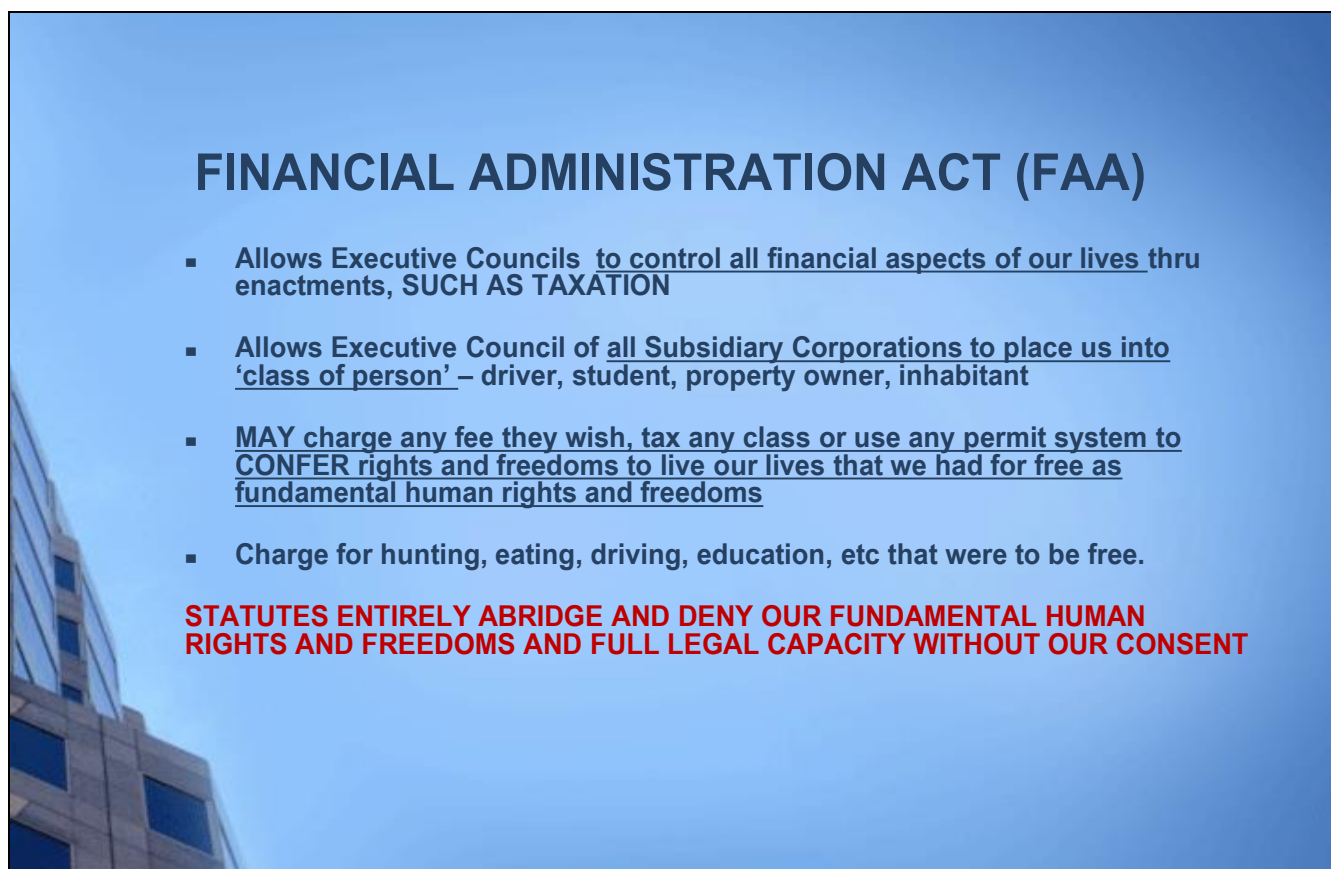

The CRF contains all monies earned by the Canadian landmass...gas, oil, lumber royalties, excise taxes, income taxes, etc. – this belongs to the People, not to greedy corporations pretending to provide services while stealing our wealth through slick corrupted English language called legalese.

All mainstream media ever talk about is the fictitious 'budget' that balances itself. And of course, they promote the corrupt politicians who 'balance' it.

What is the Consolidated Revenue Fund and why can only the thieving political elite both in Canada and the Vatican City Corporation/WEF/UN have access despite the guarantees of the fictitious 'Her Majesty'?

The money that goes in and out of the CRF is managed by a set of rules called the [Financial Administration Act, R.S.C. 1985](#).

Ministers have unfettered access to this fund and YOU can never know who is living high from the fund because this law gives the government the right to destroy all records immediately upon payout from the fund!

FINANCIAL ADMINISTRATION ACT (FAA)

- Allows Executive Councils to control all financial aspects of our lives thru enactments, SUCH AS TAXATION
- Allows Executive Council of all Subsidiary Corporations to place us into 'class of person' – driver, student, property owner, inhabitant
- MAY charge any fee they wish, tax any class or use any permit system to CONFER rights and freedoms to live our lives that we had for free as fundamental human rights and freedoms
- Charge for hunting, eating, driving, education, etc that were to be free.

STATUTES ENTIRELY ABRIDGE AND DENY OUR FUNDAMENTAL HUMAN RIGHTS AND FREEDOMS AND FULL LEGAL CAPACITY WITHOUT OUR CONSENT

Here's the provision in that *Act* that states they can destroy all records of payouts so the People can't learn how they are being swindled.

Financial Administration Act, R.S.O. 1990

Definitions:

"statutory appropriation" means an amount that is authorized, under a provision of this or another Act of the Legislature that describes the amount as payable or capable of being

recognized without any legislative authority other than the provision of the Act,

(a) to be paid out of the Consolidated Revenue Fund,

Minister of Finance to have charge

1.0.12 The Minister of Finance shall preside over and have charge of the Ministry of Finance and has power to act for and on behalf of the Ministry of Finance. 2009, c. 34, Sched. J, s. 2.

Duties and powers of Minister of Finance

1.0.14 (1) The Minister of Finance shall direct and control the Ministry of Finance, recommend to the Executive Council finance, economic, accounting and taxation policy, supervise, direct and control all finance, economic, statistical and accounting functions, manage the Consolidated Revenue Fund and, except as otherwise provided in any other Act, manage all public money. 2009, c. 34, Sched. J, s. 2.

Administration of Acts

Payment for special cases

1.0.22 (2) The certificate of the Attorney General or Deputy Attorney General that any money received by any officer or other person under this section has been duly accounted for is final and conclusive and the account shall not be subject to any further examination. 2009, c. 34, Sched. J, s. 2.

Payments out of Consolidated Revenue Fund

11 (1) Every payment out of the Consolidated Revenue Fund shall be made by cheque or by any other method of payment or transfer approved by the Minister of Finance in writing. 1996, c. 24, s. 36.

Finance Administration Act continued...

- LIEUTANT-GOVERNOR may set fees that individuals pay to get rights and privileges in order to live
- YOU, the legal personality is told you must pay the prescribed fees to live
- IF YOU want your rights and freedoms you now have to pay for them
- BUT YOU DO NOT HAVE TO! You can dissociate from the corrupt corporate government system and stand on fundamental human rights and freedoms to life, liberty and property in your Full Legal Capacity as a human being.
- 'MAY' is extremely important word in legislation -- signifies that government knows of our rights to choose, and confirms recognition of choice
BUT individual never told about these choices.

The corporate government is to provide individuals a mechanism to access an adequate standard of living from the CRF.

The mandate is provided in the International Covenants (ICCPR and ICESCR), and the provisions are provided in the *Financial Administration Act*, (FAA), but the government does not provide an application form and does not clearly state the procedure an individual is to use to access their adequate standard of living from the CRF.

Definition of *instruction for payment*

35 (1) In this section and section 36, *instruction for payment* means an instrument or other instruction for the payment of money, but does not include a requisition under section 33.

Form of payments out of C.R.F.

(2) Every payment out of the Consolidated Revenue Fund shall be made under the direction and control of the Receiver General by the issuance of an instruction for payment, in such form and authenticated in such manner as the Treasury Board may direct.

FAA Article 19.3 uses the operation of law to force us to pay for rights we already have 'free'.

The trick is that they in fact use the FAA to deprive us of our right to the wealth of our landmass for an adequate standard of living. It is OUR landmass and they are to manage it in OUR best interests, but they remain in a gross conflict of interest. WE the People are the beneficiaries of the wealth of this landmass and the government is suppose to be the Trustee, managing everything in our best interests, not its own. Since 1931, however, the Trustee has reversed the statuses so that the government is the 'beneficiary' and we are the trustees that are to supply the government with all our wealth.

Receiver General of Canada receives all monies, makes all payouts. The money in the CRF that belongs to all Canadians is paid from CRF in 2 ways:

1. **By 'requisition' from Ministers and other specific authorities**
2. **By Claim of Appropriation from individuals: receipts, instructions for Payment (must be to a bank account) – also referred to throughout the FAA as Claim for Settlement to confuse the reader.**

Ministers never have to account for why they want the money they remove from the CRF and never account for where it went. Any excuse will do, so most of it goes to 'foreign' and 'humanitarian' aid and other deep holes you can never scrutinize. Recently, billions have gone to the United Nations special interest groups to destroy our borders, mutilation our children and steal our properties.

If Ministers are directed to use the Requisition and nothing else, then who uses the Claims of Settlement procedure?

Ministers use Requisitions and others use Claims of Settlement...that is clear from the legislation BUT the corporate government has refused to respond to Freedom of Information Requests for exactly the procedure to use for individuals to make the Claim of Settlement. You are supposed to keep trying until you luck into just the right procedure, contrary to the corporate government's mandate to teach us this.

Here's the provision that Ministers must use to take money from the CRF (OUR collective monies):

Requisitions

33 (1) No charge shall be made against an appropriation except on the requisition of the appropriate Minister of the department for which the appropriation was made or of a person authorized in writing by that Minister.

(2) Every requisition for a payment out of the Consolidated Revenue Fund shall be in such form, accompanied by such documents and certified in such manner as the Treasury Board may prescribe by regulation.

When requisition not to be made

(3) No requisition shall be made pursuant to subsection (1) for a payment that

- (a)** would not be a lawful charge against the appropriation;
- (b)** would result in an expenditure in excess of the appropriation; or
- (c)** would reduce the balance available in the appropriation so that it would not be sufficient to meet the commitments charged against it.

The FAA provides the regulations for making Claims against the CRF for our adequate standard of living: the wealthy know all this, but the People are deprived of this knowledge and in fact, the government refuses to provide guidance on how to make a successful claim of settlement.

The provision for making **Claims of Settlement by other than Ministers** is buried in FAA provision 35, way down as 35(3):

Definition of *instruction for payment*

35 (1) In this section and section 36, *instruction for payment* means an instrument or other instruction for the payment of money, but does not include a requisition under section 33.

Form of payments out of C.R.F.

(2) Every payment out of the Consolidated Revenue Fund shall be made under the direction and control of the Receiver General by the issuance of an instruction for payment, in such form and authenticated in such manner as the Treasury Board may direct.

Claim for settlement

(3) An amount set out in an instruction for payment issued under subsection

(2), less any amount charged back as a result of a reconciliation pursuant to section 36, may be paid out of the Consolidated Revenue Fund where

(a) a claim for settlement of the amount is made by a member of the Canadian Payments Association or by a person authorized by the Receiver General to make a claim for settlement; and

(b) the claim is made in the prescribed manner and is accompanied by the prescribed evidence.

Prescription of manner of claim

(4) The Receiver General may prescribe the manner of making a claim for settlement and the evidence that must accompany the claim.

In (4) you see reference to the Receiver General 'may' prescribe the manner of making a claim for settlement, but this prescription for the manner is completely hidden from the Canadian People.

And these provisions indicate that all the government has to do is reconcile the evidence of expenses for an adequate standard of living, ie. ensure the receipts are valid:

Reconciliation of claim with evidence and instruction for payment

36 (1) Where a payment out of the Consolidated Revenue Fund is made in respect of a claim for settlement, the Receiver General shall examine the claim and make a reconciliation between the claim and

- (a) the supporting evidence; and
- (b) the instruction for payment to which the claim relates.

Right after the payments are paid to persons unknown who know how to make the claims for settlement, all records are destroyed ...

Destruction of instructions for payment, records, etc.

36 (2) The Treasury Board may, on the recommendation of the Receiver General and with the approval of the Auditor General of Canada, make regulations governing

- (a) the destruction of records of instructions for payment, including payment instruments, after the amounts specified in the instructions for payment have been paid ;**
- (b) the destruction of claims for settlement ; and**
- (c) the destruction of records of instructions for settlement, including instruments for settlement within or between departments, after settlement has been effected .**

As you can see, the government dishonours its legal obligations to ensure that we can access revenue that belongs to the People and not to this so-called service corporation by:

- **Not stating how an individual is to make the appropriation, even though the FAA refers to the Minister 'prescribing the method''**
- **Not stating the proper way to provide an instruction for payment OR the evidence required for a successful claim;**
- **Not stating how the receipts for an adequate standard of living are to be provided or when....**

AND WHEN THE CLAIM FOR SETTLEMENT IS CORRECTLY SUBMITTED, THE GOVERNMENT THEN CLAIMS THERE IS NO AUTHORITY OF PARLIAMENT – that's a lie.

- **The FAA is the authority of Parliament, even if the Parliament is a fraud because of the Statute of Westminster, 1931 releasing all provinces to their own nationhood.**
- **The International Covenants were guaranteed by Her Majesty and binds Parliament as we showed you above.**

The government lies to defeat individual claims for settlement of an adequate standard of living. THESE LIES ARE CONTINUED IN THE COURTS, EVEN THOUGH THE SUPREME COURT OF CANADA HAS STATED THAT THE COVENANTS ARE BINDING ON ALL LEVELS OF GOVERNMENT!

Jan 15, 2018 ltr from Min. Public Services and Procurement Canada responding to a a legitimate claim for settlement:

After a review of the content of your correspondence, we have concluded that the Receiver General and the Department of Public Works and Government Services Canada have no authority or mandate to address your claims and demands. As a matter of fact, you do not have any authority from Parliament to seek any rights against the Receiver General or the CRF. Also, we must inform you that the claims and notices contained in your correspondence do not impose any legal obligation on this Department. We invite you to consult with a lawyer of your own choosing in order to obtain information and explanations on your alleged claims.

- **The corporate government has no intention of honouring its binding human rights agreements. Note in excerpt of the letter response from the government, the reference to the individual having no right authorized by Parliament, when the rights were in fact authorized by Her Majesty in 1976 that Parliament told us existed, and that she had done that through the binding International Covenants.**
- **The corporation calling itself our government is preventing the exercise of human rights in Canada by claiming there are no authorities in Canada to support the claim, yet Parliament itself passed the FAA!**
- **There is no law that states the individual cannot make a claim for settlement and the FAA says nothing about the claim not being in proper form and therefore can be rejected. The Ministers response only states there are no 'rights'.**
- **This is gross corruption by a corporate *de facto* authority.**

All records of payments out of CRF are immediately destroyed!! You will never know how much the political class is stealing because it gave itself the legal right to steal using a Ministerial Requisition and then to destroy the evidence. BUT IT'S IN THE TRILLIONS OF DOLLARS OVER DECADES.

Here is that 'authority' to steal money and destroy records again ...

Financial Administration Act

The FAA has a provision installed to protect the corporate government thieves and their elite friends:

Destruction of instructions for payment, records, etc.

36 (2) The Treasury Board may, on the recommendation of the Receiver General and with the approval of the Auditor General of Canada, make regulations governing

- **(a)** the destruction of records of instructions for payment, including payment instruments, after the amounts specified in the instructions for payment have been paid;
- **(b)** the destruction of claims for settlement; and
- **(c)** the destruction of records of instructions for settlement, including instruments for settlement within or between departments, after settlement has been effected.

Here's one of those regulations for destroying documents:

Destruction of Paid Instruments Regulations, 1996, SOR/97-238

Destruction

5 (1) Subject to sections 3 and 6, at any time during the seventh year after an instrument has been paid, the Receiver General or the minister who issued the payment or settled the claim, as the case may be, shall destroy the paid instrument in accordance with subsection (2).

(2) A paid instrument shall be destroyed by shredding, pulping, burning, crushing, erasing or any other means that will ensure that the paid instrument cannot be reused.

6 If a paid instrument is required for the purposes of any litigation, claim, inquiry, investigation or other examination, the Receiver General or the appropriate minister shall delay destruction of the instrument until it is no longer required for that purpose.

- **All individuals have their security (patrimony) seized by government at birth. The process involves tricking your parents into allowing the given names of the beneficiary child to be turned into an all caps legal entity that is securitized as a 'certificate' and commoditized for trading and profits.**
- **Corporations invest the Birth Certificates, which are created by using a distortion of your given name.**
- **Children have no right to exercise appropriation from CRF, but a constructive registered holder arrangement allows Banks to exercise the child's rights without the knowledge or consent of the parents.**
- **All the money earned on the child's 'person'/security is to be used to meet child's needs – instead the corporate government banks 'represent' the child, which they made into a 'person' also known as a 'fictitious legal entity' using the Birth Certificate.**
- **This corruption and enslavement doesn't stop when we are adults...we must devolve this arrangement personally – but we don't know this and even when we do, the corporation will continue the fraud against us.**

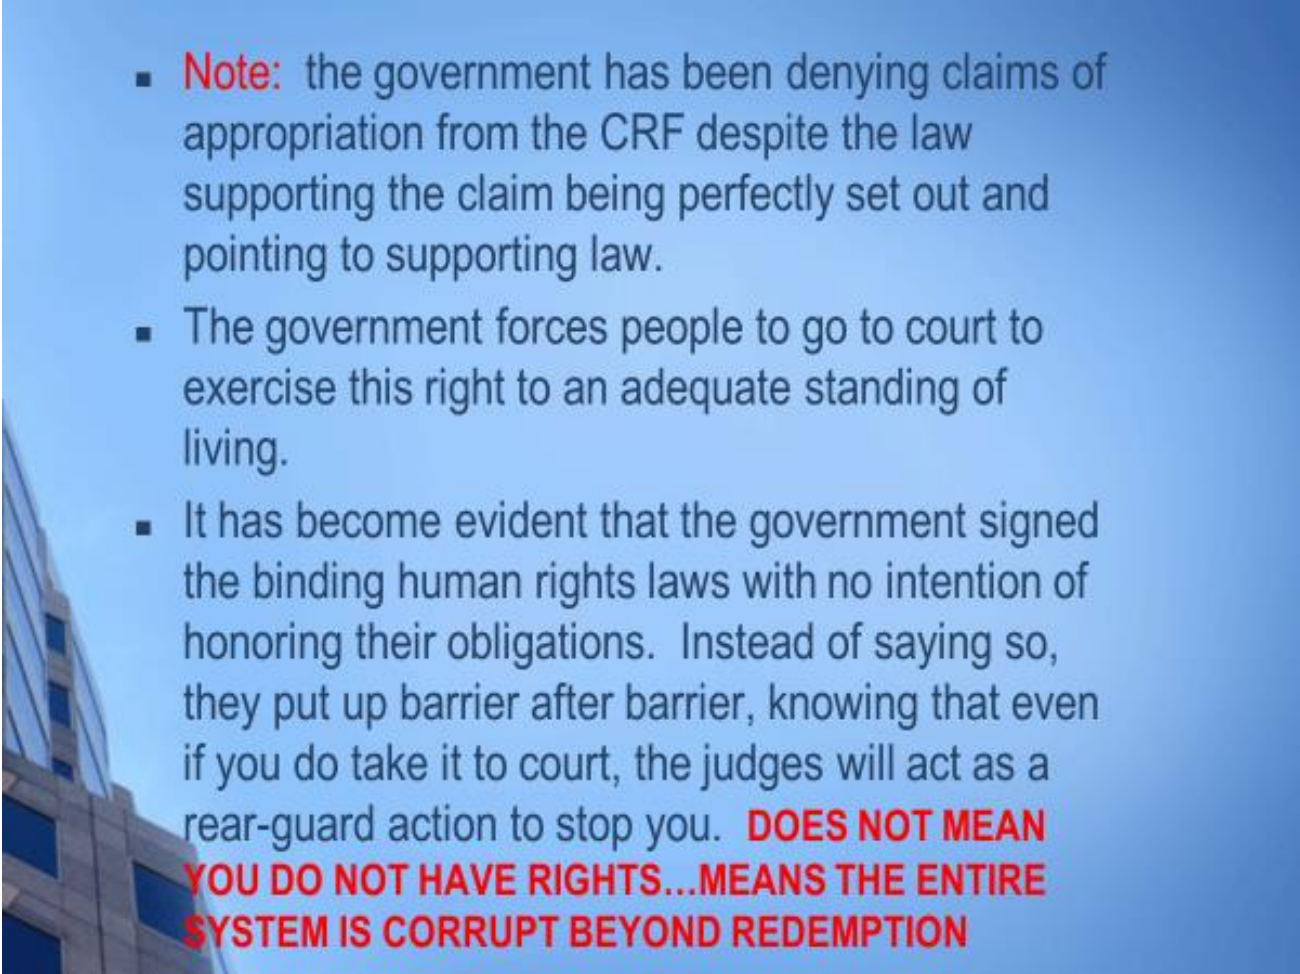

Minors and CRF

Bank Act states: child cannot control their own security ('person'), so Bank gets to do so.

Adult has to prove to them you are no longer a minor and have a right to control your own 'person' (security).

Devolve security to your personal control. Bank can no longer operate your right to the CRF.

Gov't taps into CRF for obscene stuff, while homeless die because gov't won't spend it on their security. Homeless don't know they have a right to have all needs met by appropriation to CRF.

- 
- **Note:** the government has been denying claims of appropriation from the CRF despite the law supporting the claim being perfectly set out and pointing to supporting law.
 - The government forces people to go to court to exercise this right to an adequate standing of living.
 - It has become evident that the government signed the binding human rights laws with no intention of honoring their obligations. Instead of saying so, they put up barrier after barrier, knowing that even if you do take it to court, the judges will act as a rear-guard action to stop you. **DOES NOT MEAN YOU DO NOT HAVE RIGHTS...MEANS THE ENTIRE SYSTEM IS CORRUPT BEYOND REDEMPTION**

SUMMARY

- **WE ARE PAYING FOR RIGHTS reduced to privileges by a DEFACTO corporate GOVERNMENT UNLAWFULLY AND THROUGH TRICKERY**
- **WE ALREADY HAVE GUARANTEES OF ALL THESE RIGHTS THEY MAKE US PAY FOR BY TURNING THEM INTO PRIVILEGES**
- **WE ARE STRIPPED OF OUR FUNDAMENTAL RIGHTS WHEN THEY FORCE US INTO RECOGNITION AS A 'LEGAL' PERSON**

(eg. Citizen, inhabitant, etc) AND THEN APPLY THEIR SELF-SERVING RULES ON US

- AFTER BEING FORCED INTO LEGAL PERSONALITY, WE ARE FORCED TO PAY FOR ALREADY 'FREE' RIGHTS.

WE ARE SUPPOSED TO ENJOY LIFE – NOW INSTEAD WE HAVE TO PAY TO LIVE AND WORK AND PAY TO support a corrupt CORPORATE MONARCHY (SLAVERY) WHILE THE WEALTHY AND POLITICAL CLASS ENGAGE IN LEGAL THEFT, pretending to be the Trustee of our landmass's wealth and resources for our benefit.

Who needs a Trustee like that?
