

DIGITAL ID + DIGITAL CURRENCY +
SMART ROADS + SMART CITIES
+ THOUSANDS OF CAMERAS
= A PRISON WITH NO BARS.

15 Minute Cities and SMART Cities are Digital Prisons

I am one person. What can I do?

Click here to fight back

Battez-Vous !

A SMART City is an urban environment with omnipresent surveillance. The goal is to know everything about everybody: what you eat and drink, where you go, what you buy, who you meet, your habits, your health status, your vaccination status, etc. **Every. Little. Detail.** The justification for this all-

encompassing surveillance is that it is supposedly essential to "*save the planet*" from climate change. Devices like **SMART** watches on your wrists or **SMART** phones in your hands will continually gather information about you. **This data will be in the hands of globalists** - corporations, governments, banks, health care providers etc.

- **SMART** is an acronym for:
 - ■ **S**urveillance
 - **M**onitoring
 - **A**nalysis
 - **R**eporting
 - **T**echnology

A SMART City limits your movement

Movement in **SMART** Cities will be limited to 15 - 20 minutes from home. This concept has coined the phrase "**15 Minute Cities**" and is being promoted as the best idea ever for saving the planet from climate change.

Everything you need will be made available within a short walk or bike ride, so you never need to go beyond that perimeter. For longer distances, you will need to ask for permission.

Other designations include:

- Low Traffic Neighbourhood (LTN);
- Zero Emission Zone (ZEZ);
- Low Emission Zone (LEZ);
- Ultra Low Emission Zone (ULEZ);
- 20 Minute Neighbourhood;
- Superblock; and
- C40.

SMART Cities emerge from a larger concept - **The Fourth Industrial Revolution** (or **Society 5.0**), which aims to merge cyberspace with physical space (*transhumanism*). This "revolution" is outlined by **United Nations (UN) Agenda 21 (2030 Agenda)** which is built upon **17 Sustainable Development Goals (SDGs)**. Virtually no area of human activity and no

person will be left untouched by the 2030 Agenda.

SMART Cities are Digital Prisons

A former Silicon Valley engineer, Aman Jabbi, is sounding the alarm that **SMART** Cities will essentially be open concentration camps: **"By giving them your data, you give them the ability to monitor and assess your behavior, which can now be converted into a social credit score. That score is then used to determine what privileges you qualify for and which ones you don't in the new slave society."**

This Social Credit Score has been deployed in China. Your Social Credit Score connects to your Digital ID, which in turn, connects to the Central Bank Digital Currency (**CBDC**), your health status, police record, online activities, vaccine status, etc. When you disobey, or criticize the system, your spending will be curtailed, and your access to

basic aspects of society will be blocked.
Missing one injection could block your access to: banking; health care; government services; internet; travel; etc.

Note that the **Central Banks are private corporations** - they are NOT run by, or directed by any government.

36 Pioneer Cities

According to the **World Economic Forum**, the **G20 Global Smart Cities Alliance** launched 36 "pioneer cities" at the **Smart City Expo World Congress**. Here are some of those cities: Barcelona; Belfast; Bogota; Buenos Aires; Dubai; Hamamatsu; Hyderabad; Istanbul; Leeds; London; Manila; Medellin; Melbourne; Mexico City; Moscow; **Toronto**.

The Canadian Government recently completed their SMART Cities Challenge. The winners were:

- Bridgewater NS - \$5M;
- Nunavut NU - \$10M;
- Guelph ON - \$10M;
- Montreal QC - \$50M

According to Edmonton's *Smart City Strategy* - "For Edmonton, a Smart City is not just about technology. Instead, it is about creating and nurturing a resilient, livable and workable city through the use of technology, data and social innovation."

In the Netherlands, the government recently announced the destruction of 3,000 farms in order to make room for a monstrous **SMART** City called the ***TriState City Network***, which will house 40 million people from Belgium, Germany and The Netherlands. Their 'logic' for seizing the land and destroying the animals of 3,000 farms is that they "*emit too much CO₂*", which is "*destroying the planet*".

**We are the 99.999%
the globalist tyrants are only the**

0.001%

The majority of people have received the injection, have a **SMART** phone in their hand, have **SMART** meters in their homes, have **SMART** technology in their cars ... and still they say "*it's all a conspiracy theory*".

It is NOT a theory!

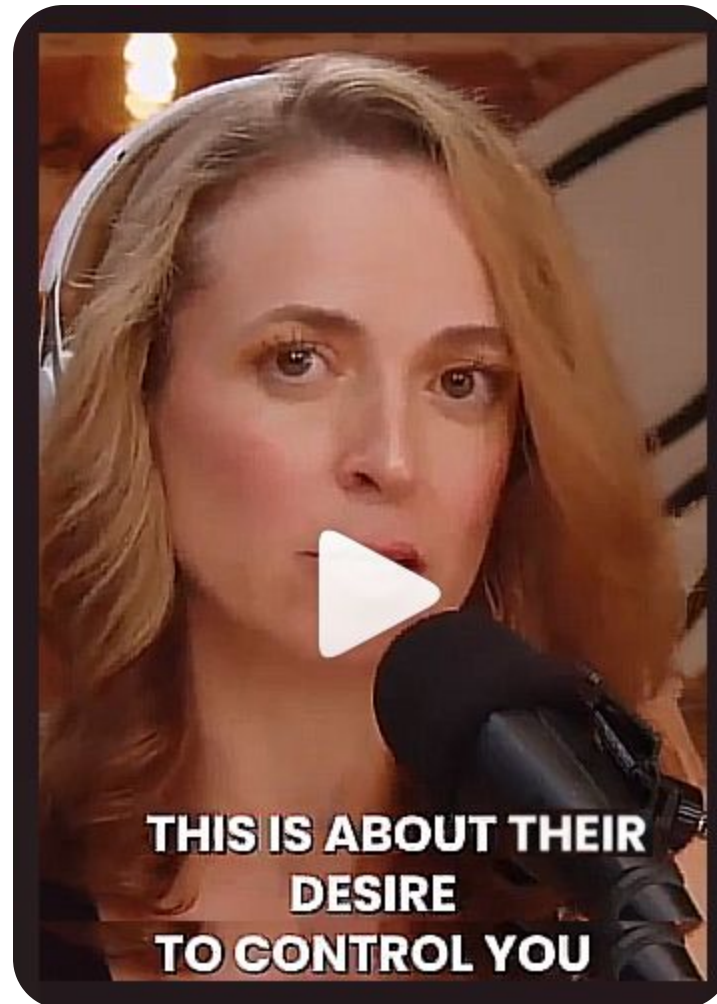

We must open our eyes.

Not tomorrow, but TODAY.

Australian Senator

Malcolm Roberts

"The Digital ID will change
the lives of every Australian
for the worse"

March 27, 2024

"The Digital ID will, in effect, create a live data file of your movements, purchases, accounts and associates containing reference to every piece of data being held in the private and government sector as a first step in a wider agenda. Tech giants have been building huge data files on every citizen for years. Digital ID is the glue that holds together the digital control agenda by which every citizen will be controlled, corralled,

exploited and then gagged when they speak or act in opposition."

What is a 15 Minute City?
Randy Hillier
Mar. 15, 2023

**THIS IS NOT A SLIDE.
THIS IS A SLIPPERY SLOPE.**

**AT FIRST, IT LOOKS FUN.
IT EVEN SOUNDS APPEALING.**

**LOW EMISSIONS ZONES - FOR HEALTH.
LOW TRAFFIC ZONES - FOR COMMUNITIES.
15 MINUTE CITIES - FOR CONVENIENCE.**

**BUT TO UNDERSTAND THE INTENT?
ASK WHAT GETS INSTALLED FIRST.
IS IT THE PLAY PARKS?
OR IS IT THE CAMERAS.**

**DO THEY UPGRADE THE COMMUNITY?
OR DO THEY INSTALL RESTRICTIONS?**

**THEY DON'T WANT YOU OUT OF YOUR CAR
AND INTO AN ELECTRIC VEHICLE.
THEY JUST WANT YOU OUT OF YOUR CAR.**

**THESE ARE NOT CONSPIRACY THEORIES.
DIGITAL ID WAS ANNOUNCED IN JANUARY.
IT WILL BE ACTIVE BY DECEMBER 23RD.
DIGITAL ID WILL CONNECT EVERYTHING.**

AFTER THAT, JUST DO THE MATHS:

DIGITAL ID + DIGITAL CURRENCY +
SMART ROADS + SMART CITIES
+ THOUSANDS OF CAMERAS
= A PRISON WITH NO BARS.

SEE WHAT'S HAPPENING AROUND US.

CONTACT ME IF YOU WANT TO HELP.
(OR WANT TO SEE THE PROOF)

**WE ARE NOT POWERLESS.
WE NEED TO WORK TOGETHER.**

**BUT MOST IMPORTANTLY...
WE NEED TO UNDERSTAND THE INTENT.**

**THE FUTURE THAT'S PLANNED FOR US
IS NOT WHAT I WANT FOR MY CHILDREN.**

ULEZ, LTN, 15 Min Cities

Where does this Slippery Slope lead?

Mar. 27, 2023

Biodigital Convergence

The Biodigital Convergence is the merging of biological systems with digital technology. It involves:

Changing human beings - our bodies, minds, and behaviors.

These nanomachines have the ability to track, trace, monitor, as well as send and receive information, including instructions. They also have the capability to alter the human body.

The Biodigital Convergence

Changing and creating other organisms

The Biodigital Convergence involves the absorption of synthetic microscopic nanomachines into the human body from food, plants, air, water, soil, and everything around you.

SMART cities

The Biodigital Convergence is dependent on the building of Smart City infrastructure and the digital prison that comes with it. Things like Digital Twin technology, Metaverse, Blockchain, Digital ID and other aspects of the Smart City are the strings that connect YOU to THEM. Like a marionette puppet is connected by strings to its master, the wireless signals connect the body to the network.

What can we do?

All this brings major human rights violations, major health concerns, and major cyber security risks. Find out what you can do to stop this before it's too late! Arm yourself with the ability to confront your local leaders about these agendas they're rolling out.

Mar. 23, 2023

Dear Joan Jylanne, On behalf of Connective Consulting, we would like to thank you for this exciting opportunity to be in partnership with The City of Cambridge in their "15-Minute Neighbourhood" initiative. The development of 15-minute Neighbourhoods around the globe has aided the progression towards achieving more sustainable, accessible, and prosperous communities. Improving both the well-being of residents, and the surrounding environment, As provided below, our team has compiled a comprehensive report proposing agile recommendations to ensure the City of Cambridge becomes an exemplar for up-and-coming 15-minute neighbourhoods for the rest of our nation. Our report will expand on a series of case study comparisons, recommendations, and a brief feasibility section.

Article
ANPR stands for
Automatic Number Plate Recognition.

Smart City projects can significantly benefit from ANPR cameras as these cameras remove the need for human intervention. ANPR cameras are efficient in tracking cars

and pulling their records. An ANPR camera can detect and enforce vehicles entering the low emission zones (LEZ) 24/7. In case a vehicle violates programmed permissions, the ANPR camera will inform law enforcement and share all relevant vehicle details with them. When a car crosses an ANPR camera, it compares the car's data against its number plate. Then the camera informs law enforcement if the vehicle is wanted for any of the following reasons: previous criminal activity (e.g., vehicle theft, carjacking); speeding (e.g., in a school zone); or any traffic violation (e.g., driving under the influence). Moreover, a purpose-made ANPR camera might be integrated with the law enforcement server to track vehicles of interest. These cameras pull number plate information and take adequate images in any light condition of the vehicle and its driver, making them efficient in a manhunt.

Pay with cash & switch to community owned banks. Grow your own food. Join local trading schemes.

Boycott corporate & government media that misinform & censor. Choose uncensored media & social media.

Keep your small business open in lockdown. Buy from small businesses. Don't use contact-tracing QR codes.

Don't wear masks or social distance. Staying human is more important than living in fear.

Refuse 'pandemic' injections, tests and passports. Big Pharma is not honest or safe. Choose natural health.

Don't pay 'pandemic' related fines. Risk becoming a prisoner of conscience. Seek support.

Don't buy 5G or smart devices/ systems. Resist the fourth industrial revolution. Defend our humanity.

Contribute

We are VERY grateful for all contributions that we receive. Contributions will help us with our expenses such as maintaining websites and the printing of handouts, pamphlets, posters and banners as we continue to educate people. We cannot provide receipts - we are a small group of dedicated volunteers fighting tyranny.
